NEWS FROM THE SUSTAINABLE RARITAN

RIVER INITIATIVE — October 2013

- Fall Trout Stocking in the Raritan Basin Begins – Oct. 1
- Conserve Wildlife Foundation of NJ Contest Opens – Oct. 1
- Volunteer Paraprofessional Training – Rutgers Co-op Water Resources Program – Oct. 3 & 22
- "Rockin' in Our Wellies" – Stony Brook-Millstone Watershed Association Watershed FEST – Oct. 5
- Hunterdon Land Trust Quakertown Preserve Birding Walk – Oct. 5
- World Habitat Day – Oct. 7
- Fall Striper Fishing Presentation – Central Jersey Trout Unlimited– Oct. 8
- Assn. NJ Environmental Commissions Training – Oct. 10
- Raritan Headwaters Old Fashioned Fair – Oct. 13
- Invasive Plant Buy Back – New Jersey Invasive Species Strike Team – Oct. 13
- NJ Floodplain Management Annual Conference – Oct. 16 & 17
- Assn. NJ Environmental Commissions Environmental Congress – Oct. 19
- Kingston Greenways Fall Foliage Walk – Oct. 20
- NJ Audubon Annual Meeting and Birding Festival – Oct. 25
- NJ Shade Tree Federation Annual Conference – Oct. 25 & 26
- Eastern Sourland Mountain Tour – Oct. 26
- NJ Future Conference on Sandy – One Year Later – Oct. 29
- NY/NJ Baykeeper Fall Winetasting Fundraiser – Nov. 6
- League of Municipalities Annual Conference – Nov. 19 to 21
- Raritan Film Used for Environmental Education
- New York-New Jersey Harbor & Estuary Program has a New Home
- Phase II Remediation at Keasbey Redevelopment Site is Underway
- New Trail in Raritan Township, Hunterdon County
- Raritan River Tire Roundup – continued...
- Dumping in the Raritan River Basin – 877-WARN-DEP
- Rain Garden Rebate Program – continues
- Sustainable Raritan River Mini-Conference – Save the Date – Dec. 5

- Raritan Collaborative Facebook Page

October 1 — Fall Trout Stocking Moved Up a Week

The NJDEP's Division of Fish and Wildlife has moved up its Fall Trout Stocking Program by one week. The fall stocking began Tuesday, Oct. 1 and concludes on Wednesday, Oct. 9. The stocking schedule has been revised to help staff take steps to address a disease that has affected a small portion of fish at the Pequest Trout Hatchery in Warren County.

With cooler temperatures providing optimal conditions for trout fishing, the Division is looking forward to another excellent fall season. Nearly 20,000 two-year old brook and rainbow trout averaging 14 to 16 inches and weighing 1½ to 2 pounds will be distributed in 17 streams and 15 lakes and ponds statewide.

In the Raritan Basin, trout were released to the Raritan North Branch on October 1st, to the Black River on October 3rd, to the Raritan South Branch on October 4th and to Rosedale Lake, Farrington Lake and Roosevelt Park Pond on October 9. All fall-stocked waters may be fished as soon as they are stocked.

The fish being released have been tested and found free of the disease, *furunculosis*, which impacted the lower raceway portion of the Pequest Hatchery. The earlier stocking will enable staff to begin precautionary full scale antibiotic treatments of the entire fish stock at the hatchery.

See the Fall 2013 Trout Stocking Schedule on the NJ DEP's Division of Fish & Wildlife's

Website for more information. Also see the related News Release on the Division's efforts to control *Furunculosis*. Also, check out the 2013 NJ Freshwater Fishing DIGEST.

October 1 — Contest Opens for "Species on the Edge Art & Essay Contest - Conserve Wildlife Foundation of New Jersey"

In this ten year old contest, by creating artwork and writing essays about New Jersey's wildlife, the children work as wildlife biologists. They may not see the animal but they researched it – what it looks like, where it lives, and what are the threats to its future. The contest encourages students to learn about local environmental issues; express their concerns for the world around them; think creatively about ways to improve it; and to consider how their actions impact the natural world. Because of this contest, children have a better understanding of the wildlife and habitats of New Jersey and what we need to do to keep them in our future.

This is a great way to engage and excite fifth graders into learning about New Jersey's over 80 endangered and threatened wildlife species. Open to New Jersey fifth graders in public, private, or homeschools, the contest began October 1st and closes January 31st. Visit the Conserve Wildlife Foundation of NJ Website for more information.
