Congressional City Conference!

The Congressional City Conference is the National League of Cities' annual legislative conference. More than 2,000 elected and appointed city leaders come together to focus on federal policy issues that matter most to local governments. In partnership with the National League of Cities, these leaders have a seat at the decision-making table with members of Congress, the White House, and federal agencies looking for solutions to address the nation's most pressing challenges. Additionally, the Congressional City Conference offers the latest news about federal programs, funding opportunities and resources available to implement the most innovative practices at the local level.

At the Congressional City Conference you will find:

- Enlightening General Session Speakers
- Constructive Engagement with Federal Policy Makers
- Dynamic NLC University Training Sessions
- Informative Workshops
- Meaningful Networking Opportunities
- Important NLC Governance Meetings

Gwen Iffil
