SUBJECT: Drinking Water State Revolving Fund Program
"Final FFY2015 Priority System, Intended Use Plan, Project Priority List and Response Document and the Final Superstorm Sandy Funding Priority System Intended Use Plan, and Project Priority List."

Dear Interested Parties,

The Drinking Water State Revolving Fund Final FFY2015 Priority System, Intended Use Plan (IUP), Project Priority List and Response Document and the Final Superstorm Sandy Funding Priority System Intended Use Plan, Project Priority List and Response Document are available at www.nj.gov/dep/watersupply/dws_loans.html. A Public Hearing regarding the Drinking Water State Revolving Fund Program was held on September 30, 2014 at the offices of the New Jersey Environmental Infrastructure Trust, Lawrenceville, New Jersey. No oral comments were presented at the hearing.

The Federal Safe Drinking Water Act (SDWA) Amendments of 1996 authorized a Drinking Water State Revolving Fund (DWSRF) to assist publicly and privately owned community water systems and nonprofit noncommunity water systems to achieve or maintain compliance with SDWA requirements and to further the public health objectives of the SDWA. The DWSRF is administered as a component of the Environmental Infrastructure Financing Program that also administers the State's Clean Water State Revolving Loan Fund (CWSRF).

The Final FFY 2015 IUP contains the FFY2014 and the FFY2015 schedules. Project sponsors had to meet the FFY 2014 schedule in order to receive financing in May 2015. In order to be considered for financing in May 2016, project sponsors will need to meet all applicable deadlines in the FFY2015 schedule. The SuperStorm Sandy IUP contains a schedule for funding in May 2016.

Should you have any questions regarding these IUPs or the DWSRF program, please contact Alan Dillon or Todd Taylor at the Bureau of Safe Drinking Water at (609) 292-5550 or fax (609) 292-1654.

If you would like a copy of the subject IUPs, contact the DWSRF program or obtain a copy from our website, www.nj.gov/dep/watersupply/dws/loans.html

Sincerely,

Sandra Krietzman, Chief
Bureau of Safe Drinking Water
