RE: Important League Survey (Unused sick leave/vacation time compensation)

Dear Mayor:

The League is conducting a survey to provide empirical data to the Governor and Legislature. There has been criticism of local government because of large pay outs for accumulated but unused sick and vacation time. Not every municipality falls prey to this contractual obligation and therefore the general criticism should not be universal. The League is attempting to delineate the nature and degree to which local governments are obligated to honor full payments for accumulated but unused sick and vacation time.
