**Subject:** Sustainable Raritan Workshop is Next Week

Dear Clerks,

Could you please forward this email to your administrators and Mayors, green teams, planners, environmental commissions, public works managers, business development teams and any other municipal personnel or commissions that are involved in land-use decisions surrounding cleaning up and reusing under-utilized or abandoned properties in your communities? Thank you!

**Have you registered for the Sustainable Raritan River Workshop on *Brownfields Remediation, Community Involvement and the LSRP Process?***

**Check out our agenda below and register for this FREE half-day workshop now! Click on this link to register: <http://eventbrite.com/event/13205513045> and visit our website at [www.raritan.rutgers.edu](http://www.raritan.rutgers.edu) for more information.**

# Remediation Workshop

## Brownfields Remediation, Community Involvement and the LSRP Process

Wednesday, October 22, 2014

8:00 am to 12:30 pm

The Forum, E.J. Bloustein School of Planning and Public Policy

Rutgers, The State University of New Jersey, 33 Livingston Avenue, New Brunswick

Join experts from across the region to discuss remediation and reuse of damaged lands, discuss new developments and incentives for local communities, and find out how to participate in the LSRP process. Case studies will help reinforce the program message.

We welcome planners, engineers, landscape architects, floodplain managers, environmental commissioners, public works managers, municipal and county staff, green teams, and all others interested or involved in remediating and reusing damaged lands.

### Agenda

**8:00 Registration, networking and complimentary Continental Breakfast**

**8:45 Welcome**

**8:55 Session 1: Tools, Incentives, New Programs, Resources**

*Brownfields 101*, Stephanie Shakofsky, Center for Creative Land Recycling and  
Kerry Miller (invited), Assn. of NJ Environmental Commissions

*Sustainable Jersey Brownfield Actions*, Dr. Beth Ravit, Center for Urban Environmental Sustainability

*Raritan River Data Access Project*, Dr. Steve Yergeau, Rutgers Cooperative Extension of Ocean County

**10:25 Break and more networking**

**10:45 Session 2: Community Engagement in the Remediation Process**

Atwood Davis, Bureau of Inspection and Review, Site Remediation Program, NJDEP

Karen Kloo, Office of Community Relations, Site Remediation Program, NJDEP

Sue Boyle, GEI Consultants, Inc.

Please **RSVP** so we can ensure adequate space and materials. Continental breakfast will be served. There is no cost for the workshop other than area parking. The nearest public parking facility is the Morris Street Deck, 70 New Street near George Street. The workshop is within walking distance of the New Brunswick Train Station.

To register, copy/paste the registration URL into your browser: <http://eventbrite.com/event/13205513045>. Contact Sara Malone at [raritan@ejb.rutgers.edu](mailto:raritan@ejb.rutgers.edu) or (848) 9322720 with any questions.
