American Planning Association Community Planning Assistance Program - Call for Project Proposals

I am writing to invite you to think about preparing a project proposal for the NJ Chapter of the American Planning Association's next round of projects for the Community Planning Assistance Program (CPAP). A flyer for the program is attached.

For almost 4 years APA - NJ's CPAP has been matching up volunteer City Planners with New Jersey communities in need of planning support. Projects are selected through a process that starts with a call for proposals, then after evaluations a number of projects are selected.

For more information about CPAP use the link below to go to the CPAP page on our web site. The page contains summaries of the projects completed during the past 4 years, and information about how you can submit a proposal. The deadline for proposals is December 15, 2014, and the selected projects will be announced at the APA-NJ's annual conference in late January.

I encourage you to consider taking advantage of this opportunity to get professional prop-bono planning support for your community. Let me know if you have any questions once you have reviewed the material at the link below.

<http://njplanning.org/about/community-planning-assistance-program/>

Looking forward to hearing from you soon.

**Tom Schulze
CPAP Coordinator**
