Re: Resolution No. 147-2014

Enclosed please find a certified copy of a resolution that was adopted by the Township Council of the Township of East Hanover at a meeting held November 10, 2014, opposing the proposed Pilgrim Pipeline.

Sincerely,

Paula A. Massaro
Township Clerk

Encl.

RESOLUTION NO. 147-2014

A RESOLUTION OF THE MAYOR AND COUNCIL OF THE TOWNSHIP OF EAST HANOVER, IN THE COUNTY OF MORRIS, STATE OF NEW JERSEY OPPOSING THE PILGRIM PIPELINE

WHEREAS, Pilgrim Pipeline Company ("Pilgrim") is proposing to build a new bi-directional pipeline through the Township of East Hanover that would transport crude oil and refined petroleum products between Albany, New York and Linden, New Jersey; and

WHEREAS, the pipeline will carry oil extracted from North Dakota's Bakken shale through the process of hydraulic fracturing or fracking, an extreme method of oil and gas extraction that depletes and despoils clean water resources, creates toxic air emissions and radioactive waste, and contributes to the climate change crisis by releasing large quantities of methane gas into the atmosphere; and

WHEREAS, in February, the Wall Street Journal (<http://online.wsj.com/news/articles/SB10001424052702304834704579401353579548592>) compared oil from 86 locations around the world and found Bakken crude oil to be the most explosive. Bringing this fuel into our community endangers our families, property, and the environment; and

WHEREAS, the Pilgrim pipeline raises significant safety concerns for the Township of East Hanover, as well as potential harm to municipal and county infrastructure, and likely negative impact upon future development in the community; and

WHEREAS, the Mayor and Council of the Township of East Hanover is concerned that heavy construction equipment will also be in close proximity to homes and foundations due to the constraints of available workspace. Temporary workspace usage will also severely impact the existing soil reducing water absorption and may increase future flooding possibilities; and

WHEREAS, the Mayor and Council of the Township of East Hanover is concerned about the hazard the project may create due to the nature and volume of the highly flammable oil flowing through the pipeline, and its proposed route, which crosses through residential neighborhoods. These communities will be in the "impact radius" should an explosion and or spill occur; and

WHEREAS, according to Public Employees for Environmental Responsibility, the Pipeline and Hazardous Materials Administration (PHMSA) only has 135 inspectors to oversee 2.6 million miles of pipeline, and only a fifth of that pipeline system has been inspected by PHMSA or its state partners since 2006; and

WHEREAS, the potential for a pipeline explosion could harm hundreds of people, we express grave concerns about this project negatively affecting the health, safety, and welfare of our citizens; and

WHEREAS, the Mayor and Township Council's responsibility is to provide a safe environment for its residents, and this pipeline raises serious safety concerns as described above; and

WHEREAS, the proposed project may result in a loss of tax revenue for the Township of East Hanover based on right-of-way agreements with Pilgrim Pipeline and a decline in the property values of homes along and adjacent to the new pipeline and surrounding neighborhoods as a direct result of the project; and

WHEREAS, the New Jersey Legislature recognized the significance of the New Jersey Highlands region and afforded special protection to the region and its resources in 2004 with the passage of the New Jersey Highlands Water Protection and Planning Act. The Act created the Highlands Water Protection and Planning Council and the Highlands Regional Master Plan to ensure resource based planning would be used in the Highlands to combat sprawl and the depletion of water quality and quantity as the region provides drinking water to 5.4 million state residents; and

WHEREAS, the federal government acknowledged the exceptional value of Highlands resources and the urgent need for their preservation in 2004 when Congress passed the Highlands Conservation Act which "recognize[s] the importance of the water, forest, agricultural, wildlife, recreational, and cultural resources of the Highlands region, and the national significance of the Highlands region to the United States;" and

WHEREAS, many Township residents depend on ground water and public community water systems for water supply, and septic systems for waste disposal and this project will impact groundwater quality and quantity and the septic fields of residents along and adjacent to the right of way; and

WHEREAS, the wise stewardship of our natural resources involves protection of the Township's water supplies and water and other natural resources for generations to come; and

WHEREAS, protection of the Township's water supplies and resources is better accomplished by prevention of contamination and environmental degradation, rather than attempting to clean up contamination and restoring degraded environments after the fact.

NOW, THEREFORE, BE IT RESOLVED, by the Mayor and Council of the Township of East Hanover, New Jersey, the following recitals are incorporated as of November 10, 2014:

1-The Mayor and Township Council oppose the proposed Pilgrim Pipeline.

2- The Mayor and Township Council call for a moratorium on any and all planning, proposal, surveying, or construction of the Pilgrim pipeline through the Township of East Hanover.

3- Because this project will traverse and negatively impact numerous significant natural areas and the resources of the Township and the Highlands region, the Council requests a full environmental review, including a Highlands Act review, be conducted by the DEP to assess the myriad environmental consequences of the project.

4- The Mayor and Township Council direct the Township Clerk to forward copies of this resolution to the following:

1. NJ Governor Chris Christie
2. State Senator Richard Codey
3. State Assemblyman John McKeon
4. State Assemblywoman Mila Jasey
5. Food and Water Watch, 100 Bayard Street, Suite 310, New Brunswick, NJ 08901
6. The Sierra Club-New Jersey Chapter, 145 W. Hanover Street, Trenton NJ 08618
7. All Morris County Municipalities
8. The Morris County Board of Chosen Freeholders

I HEREBY CERTIFY the foregoing to be a true copy of a resolution adopted by the Township Council of the Township of East Hanover at a regular meeting held November 10, 2014.

 Paula A. Massaro, RMC, Township Clerk

Councilman Peluso
 Councilwoman Jandoli
 Councilman Martorelli
 Council President DeMaio
 Mayor Pannullo
