Re: Morris County YMCA Dam
NJ DEP File No. 25-67

Dear Mr. Mueller:

This is in reference to the As-Built drawings and Completion Report submitted by Christopher S. Adams, P.E. of Civil Dynamics, Inc., regarding Dam Safety Permit # 1405 for the rehabilitation of the Morris County YMCA Dam located within Mount Olive Township, Morris County.

The Bureau has reviewed the as-built drawings, the Completion Report, and our existing records for this dam. Upon review of the above-mentioned documents and the Bureau's December 9, 2013 field inspection, this office has determined that the Morris County YMCA Dam has been constructed in substantial accordance with plans and specifications approved under New Jersey Dam Safety Permit No. 1405.

Please note, the Emergency Action Plan (EAP) and Operation and Maintenance Manual (O&M) must be updated to reflect the modifications undertaken at the dam. The revised documents must be submitted to the Bureau by **January 31, 2015**. Also, all future inspections of this dam, as required by the Dam Safety Standards (N.J.A.C. 7:20), are to be performed. Be prepared to submit a regular inspection report for this dam in the year 2015.

Should you have any questions regarding this matter, please contact Jillian Lawrence of this office at (609) 984-0859.

Sincerely,

John H. Moyle, P.E., Manager
Bureau of Dam Safety and Flood Control
