THE SUSTAINABLE RARITAN RIVER MINI-CONFERENCE

Thursday, December 5 — see [agenda](#) for time

Duke Farms

Coach Barn

80 Route 206 South, Hillsborough, NJ

This mini-conference will:

- Explore **public access** issues along the Raritan River and her tributaries
- Project the effects of **climate change** on our river basin and present new **planning tools** to help communities and organizations **become** more climate **resilient**
- Explore **regional conservation planning** and **wetlands restoration** especially as it relates to **stormwater management**

- Include a working **tour** of the restoration work at **Duke Farms** (we recommend wearing appropriate shoes/boots and dressing in layers for this conference!)
- Provide opportunities to **network** with members of the Sustainable Raritan River **Collaborative** and to meet other **Raritan stakeholders**
- **Showcase** many of the hiking, biking, paddling, fishing, birding and clean-up organizations in the **Raritan Region**

DOWNLOAD THE AGENDA NOW!

RSVP required: Send an email

to raritan@ejb.rutgers.edu. In the body of the email include the full name, organization or municipality, phone number and email address for

each person attending, and indicate whether you wish to purchase lunch.

There is no charge for the mini-conference; lunch will be offered at cost (less than \$20).

The Sustainable Raritan River Mini-Conference is especially for municipal leaders, business leaders, county officials, non-profit organizations, state and federal government officials, environmental commissions, and civic-minded residents of all 98 Raritan River Basin communities.

CEUs: We are seeking professional continuing education credits for architects, engineers, floodplain managers, foresters, shade tree commissioners, planners, and public works managers.

You are subscribed to our list as part of the Sustainable Raritan River Initiative.
