The guidance and financial incentives we received from *New Jersey's Clean Energy Program™* enabled us to make our police and fire stations far more energy efficient. Reducing our operational overhead has allowed us to re-examine our budget and utilize the savings for other projects.

Make municipal energy efficiency part of your policy.

Join us at the 99th Annual League of Municipalities Conference

Energy efficiency has become an imperative part of every local government's healthy bottom line. *New Jersey's Clean Energy Program* is ready to help your municipality or government agency reap the benefits. Learn how you can free up valuable resources by spending less on energy.
