Re: Highlands Regional Master Plan

Dear Mayor Scapicchio:

It gives me great pleasure to provide you, on behalf of the Highlands Water Protection and Planning Council, 3 copies of the Highlands Regional Master Plan (RMP). One copy is for the governing body, one for the Planning Board and the third for the municipalities' professional for Highlands Regional Master Plan consideration.

We have already provided the municipality with a CD containing the RMP, Technical Reports and other important information on the Highlands. We also provided the municipality with a DVD with GIS information for the municipality. Information is also available on our website www.highlands.state.nj.us

For those municipalities with lands in the Preservation Area, or those with lands in the Planning Area who choose to conform, the Council looks forward to being able to provide your municipality with technical assistance, planning grants, and legal assistance with an accompanying legal shield. To that end, please be aware that I would be glad to meet with you either at your municipal building or here, at our offices in Chester, to give you and other municipal officials an overview of the Plan and its implementation and to discuss the associated benefits of Plan Conformance. Thank you in advance for your time and consideration.

Very truly yours,

Eileen Swan
Executive Director
