Re: Extension of Time Request
Morris Chase/Morris Hunt Public Community Water System
PWSID No. NJ1427018
Permit Application No. WCP030003

Dear Mr. Stern:

This letter is in response to your request for a second extension of time dated August 1, 2008, for the Morris Chase/Morris Hunt Public Community Water System Construction Permit issued July 30, 2004. A first extension of time was granted February 16, 2007 for a period not to exceed January 30, 2009, unless a second extension of time was granted by the Department.

Based on the information provided, your request for a second and final Extension of Time is hereby granted for a period not to exceed 18 months past the first extension date of January 30, 2009. Therefore, if any portion of this project is not completed and placed into service by the extended permit expiration date of July 30, 2010, a new application shall be submitted and a new permit obtained prior to completing construction. **Please note that no additional extensions of time will be granted by the Department for this permit.** No construction may take place under an expired permit.

Should you have any questions please contact Wade Wertman at (609) 984-6831. When contacting the Department regarding this application, always reference the assigned Permit Application No. WCP050004.

Sincerely,

John F. Fields, Chief
SDW Construction Permits-Northern Section
