Executive Leadership Training for Mayors and Council Presidents, Conference Center at Mercer, West Windsor

As we begin what will certainly be a challenging year for municipal government, I ask you to dedicate some of your time to work with the League on important committees and legislative outreach.

Mayors across the state will need to make the extra effort to keep the Administration aware of the burdens imposed by mandates and costs that out-pace the general rate of inflation. Whether it is arbitration, the new 2 percent cap, fuel, insurance, sudden loss of aid or rapidly increasing education costs; we need your voice to make it clear that local government has limited options to manage these fiscal challenges.

We all have to share services, reduce services, and cut services but no matter what we must still deliver services. So I ask you to join together as a League and make sure the municipal effort to deliver services is appreciated as the Legislature and Administration deal with the State's fiscal challenges. We can not solve the State's problems by eliminating or crippling local services.

As the year progresses make sure you email or call our staff in Trenton. They will coordinate our effort and be sure that your voice, the municipal voice, is heard in the New Year.

Enjoy your new year and I look forward to working with you!
