NJEIFP Funding for Track II Projects and Planning & Design Loans are Still Available!

New Jersey Environmental Infrastructure Financing Program (NJEIFP) Loans TRACK II (formerly "Second Chance") PROJECTS

The NJEIFP provides long-term financing for project construction and related costs. If you missed the original October 3, 2012 deadline, Letters of Interest (LOIs) and State Loan Applications are still being accepted electronically until March 4, 2013.

Planning & Design Loans

ENVIRONMENTAL PLANNING & DESIGN DOCUMENTS

Short-term loans are available to finance up to 50% of eligible engineering and design costs required in the initial phases of project development for projects anticipated to participate in the NJEIFP. These loans are payable in the event a project does not receive an NJEIFP loan. The deadline for construction plans, specifications and technical design documents is April 1, 2013. This applies to Track II Projects and LOIs submitted on or before the original October 3, 2012 deadline. Electronic and hard copies are required to be submitted.

Eligibility Requirements

New Jersey Counties, Regional Authorities and municipalities can apply for NJEIFP funding. Eligible projects include wastewater, drinking water, stormwater, landfills, Brownfields and open space acquisition projects. Projects supported are intended to maintain and improve the quality of New Jersey's water resources.

How to Apply

All application forms are accessible through a secure website. An online account must be created to begin the initial submission of your SFY2014 LOI. If you would like assistance in preparing and submitting the loan application, please contact your local Client Representative or nearest office location.
