RE: Response to Installing Sewers in Old Flanders

Dear Mt. Olive Township Council:

This is in response to your letter dated January 25, 2013 regarding the recent proposal of a possibility of installing sewers in the Old Village of Flanders wherewith we reside.

We have been Mt. Olive residents here in Old Flanders (North Road) since June 1979 and we have no plans on moving. We've put all of our hard work into our little house and our mortgage will finally be paid off within the next 5 years. As we both approach our final working days and are looking forward to the last payment on our home, we are planning to retire on a low fixed income. My wife is a Teachers Aide in the Mt. Olive School system and I am a custodian working for the Board of Education in Mt. Olive.

Both my wife and I are strongly "against" the installing of the new sewers and have no intentions of tacking on a new "debt" loan on our almost paid off home.

Please put us down as being "against" this project.

Thank you very much – We are both looking forward on our retirement in our little home here in Flanders.

Sincerely,

Mr. John Desranleau
Mrs. Deborah Desranleau
8 North Road
Flanders, N.J. 07836
