Subject: You're Invited: NJACCHO Conference

You're invited to
"Improving Your Community's Health by

Thinking Outside the Box"
The County Health Rankings
How does Your community rate?

**A Call to Action for Mayors and Community
Volunteers**

As Municipal leaders, how can we transform our neighborhoods into healthier places to live, work, and play? We know that much of what influences our health happens outside the doctor's office-in our schools, workplaces, and neighborhoods.

Join us on Thursday April 17th to gain a new perspective on the health issues that are impacting your residents. Learn what *actions you can take* to "move the needle" on health outcomes in your town, and improve Quality of life for your residents.

We have a great team coming together to make this program possible:

- ○ Where your County ranks- and a Roadmap for Action for change.

The County Health Rankings Team from the University of Wisconsin

- Adopting Smoke Free Policies for your municipality,

NJ Global Advisors on Smoking Pollution (NJGASP)

- Success stories in local leadership

Mayor's Wellness Campaign

Program Agenda
