**RE: 2013 MidAtlantic Grants Conference**

The Grant Professionals Association (formerly American Association of Grant Professionals) is holding its seventh annual conference at the **Conference Center at Mercer in West Windsor, May 20.**

Federal and state grants provide a significant amount of support to local government programs, services, and projects, as well as repair critical public facilities and infrastructure.

To successfully compete for limited dollars, public employees need training to efficiently seek, prepare, and successfully manage grant funds.

This conference attracts a wide range of professionals who work with grants across all employment sectors and from a multi-state area. This year the GPA is offering a special conference track dedicated to disaster recovery, as well as a special discounted rate for attendees representing disaster relief organizations. For more information visit: [www.midatlanticgrantsconference.org](http://www.midatlanticgrantsconference.org).

The GPA is the first organization focused solely on the advancement of grantsmanship as a profession and the support of its practitioners. The New Jersey Chapter is one the oldest and best established chapters within GPA.
