RE: National Clean Diesel Funding Assistance Program Funding Available

Dear Mayor:

The U.S. Environmental Protection Agency (EPA) announced the availability of up to \$9 million through the National Clean Diesel Funding Assistance Program (DERA) for Fiscal Year 2013 for new projects to reduce emissions from the nation's existing fleet of diesel engines.

States, tribes, local governments, and non-profits are eligible to apply for DERA grants. Projects can reduce air pollution from older school buses, transit buses, heavy-duty diesel trucks, marine engines, locomotives, and other diesel engines. The projects will help achieve significant reductions in diesel emissions in terms of tons of pollution reduced and reductions in diesel emissions exposure, particularly from fleets operating in poor air quality areas.

You can find information on the 2013 DERA Request for Proposals and other documents by visiting <http://www.epa.gov/otaq/diesel/prgnational.htm>

The closing date for receipt of proposals is June 25, 2013.

Very truly yours,

William G. Dressel, Jr.
Executive Director
