Hi,

We are trying to help those affected by hate and bias crimes in Mount Olive Township.

I'd like to make a suggestion to improve the MtOliveTwp.org website. I have spent a bit of time searching but couldn't find a page dedicated to the issues of hate and bias crimes.

Would you consider updating your resources to cite a guide such as this <http://www.whoishostingthis.com/resources/hate-crime-us/> ? It is by far the most comprehensive I've found on the topic and I believe your local residents would find it useful.

Please do let me know if there is anything else I can do to help with this.

Hopefully I can count on your support.

Warm Regards,

R. Dodson
