RE: ***Historic American Engineering Record Documentation***
Replacement of County Bridge No. 1401-107
Flanders-Drakestown Road over South Branch Raritan River
Township of Mount Olive, Morris County
Our Project No. 2011058.00

The attached Historic American Engineering Record (HAER) Documentation was prepared for the above referenced project. The HAER was prepared to satisfy Condition 1 of Deputy State Historic Preservation Officer Daniel D. Saunders' Memorandum of January 27, 2014 to Land Use Regulation Program (LURP) recommending Freshwater Wetlands permit issuance with conditions.

Your agency has been identified by Jonathan Kinney of HPO as one of the appropriate repositories for the HAER report. As noted in the attached State Historic Preservation Office (HPO) letter dated May 8, 2013, the HAER report satisfies the recordation component of Condition 1 of the Memorandum and upon distribution of this report to your agency, Condition 1 will be satisfied in full.

Please find the following attachments:

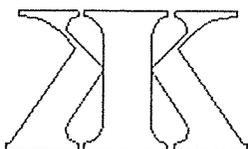

One (1) copy - Flanders-Drakestown Road Bridge, Mount Olive Township, Morris County, New Jersey, Written Historical and Descriptive Data, As-Built Drawings, Photographs prepared by Virginia Overberger of Richard Grubb & Associates, Inc., dated February 2014

One (1) copy - State Historic Preservation Office letter prepared by Daniel D. Saunders dated May 8, 2014 (HPO Project #09-0414-7, HPO-E2014-174)

**Re: Morris County, Mount Olive Township
Morris County Bridge #1401-107
Flanders-Drakestown Road over South Branch of Raritan River
NJDEP Freshwater Wetlands Permit**

Dear Ms. Kimiecik:

The Historic Preservation Office (HPO) is in receipt of your letter of April 23, 2014 and the following Historic American Engineering Record (HAER) draft recordation report for the above-referenced undertaking:

Overberger, Virginia
February 2014. *Flanders-Drakestown Road Bridge, Mount Olive Township, Morris County, New Jersey, Written Historical and Descriptive Data, As-Built Drawings, Photographs.* Cranbury, NJ: Richard Grubb & Associates.

This documentation was prepared in order to satisfy Condition 1 of Deputy State Historic Preservation Officer Daniel D. Saunders' January 27, 2014 Memorandum (the Memorandum) to the Land Use Regulation Program (LURP) recommending Freshwater Wetlands permit issuance with conditions (HPO-A2014-311- PROD). Based upon a review of the submitted report, the HPO has concluded that the above-referenced report satisfies the recordation component of Condition 1. As noted in Condition 1 of the Memorandum, "Morris County shall provide...duplicate copies, with original photographs...to appropriate repositories as identified in consultation with HPO staff." Upon distribution of the report to the appropriate repositories, Condition 1 will be satisfied in full. This is in addition to continued consultation regarding Condition 2: interpretive signage.

The HPO appreciates your continued consultation pursuant to the above-referenced project permit conditions. If you have any questions please do not hesitate to contact Jonathan Kinney of my staff at (609) 984-0141 or jonathan.kinney@dep.state.nj.us. Please reference the HPO project number 09-0414 in any future calls, emails, or written correspondence in order to expedite our review and response. Thank you.

Sincerely,

Daniel D. Saunders
Deputy State Historic
Preservation Officer
