Dear Mr. Spiegel:

This is in reference to a survey being conducted by New Jersey Department of Transportation (NJDOT) to inventory all Bus Stops along State and US Routes in New Jersey.

The staff of Jacobs Engineering has conducted a field survey for NJDOT. The following unapproved bus stop locations have been identified by New Jersey Transit (NJT) as "Inactive" according to information supplied by Jacobs Engineering. Since the information provided by NJ Transit to Jacobs Engineering indicates that these locations are inactive, the NJDOT must assume that NJT has no desire to legally establish bus stops at these locations and can take no further action at this time.

If NJT does wish to legally establish bus stops at any of these locations, the NJDOT Bureau of Traffic Engineering will require a formal request from your office including the results of New Jersey Transit's field investigation and a completed Municipal Review Statement from Mount Olive Township Officials prior to initiating any further action. If these bus stop locations are in fact inactive, NJ Transit is requested to remove any existing bus stop sign(s) along Route US 46 at the described locations at the earliest convenience.

The subject bus stop locations are as follows:

Along Route US 46 eastbound on the southerly side thereof at:

1. Wolfe Road (near-side) Transit ID# 25873
Beginning at the westerly curb line of Wolfe Road and extending 105 feet westerly there from.
2. Harris Lane (mid-block) Transit ID# 25872
Beginning at the easterly curb line of Harris Lane and extending 100 feet easterly there from.
3. Naughtright Road (far-side) Transit ID#25871
Beginning at the easterly curb line of Naughtright Road and extending 100 feet easterly there from.

Along Route US 46 westbound on the northerly side thereof at:

4. Harris Lane (far-side) Transit ID# 25893
Beginning at the westerly curb line of Harris Lane and extending 100 feet westerly therefrom.

Should you have any questions regarding this matter, please contact our office at (609) 530-3049. Please enclose a copy of this letter with any further correspondence concerning this matter in order to expedite the process.

Sincerely,

Original Signed By
