Adopted Amendment to the Northeast Water Quality Management Plan (WQMP)

Public Notice

Take notice that _____, pursuant to the provisions of the Water Quality Planning Act, N.J.S.A.58:11A-1 et seq, and the Statewide Water Quality Management Planning rules, N.J.A.C. 7:15-3.5, a revision to the Northeast Water Quality Management (WQM) Plan was adopted by the Department. This revision will correct the Northeast WQM Plan to include four existing small individual sewer service areas located in Morris County. The four treatment plants are Flanders Valley Business (NJG0147648) in Mount Olive Township, Green Valley Shopping Center (NJGO128830) in Jefferson Township, Greystone Park Psychiatric Hospital (NJ0026689) in Parsippany Township, and New Orleans Steak House (NJG0129551) in Jefferson Township.

This revision represents only one part of the permit process and other issues may need to be addressed prior to final permit issuance. Additional issues which may need to be addressed may include, but are not limited to, the following: compliance with stormwater regulations; antidegradation; effluent limitations; water quality analysis; exact locations and designs of future treatment works (pump stations, interceptors, sewers, outfalls, wastewater treatment plants); and development in wetlands, flood prone areas, designated Wild and Scenic River areas, or other environmentally sensitive areas which are subject to regulation under Federal or State statutes or rules.
