Subject: What's so great about Austin?

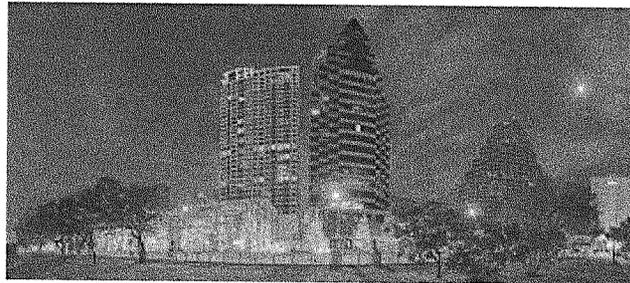

Well, a lot... But with limited space we'll give you 7 highlights:

1. **Sunshine!** Austin boasts over 300 sunny days a year, and averages a high temperature above 70 degrees in November.
2. **Live music.** You may or may not know that Austin is the Live Music Capital of the World®. It has around 250 live music venues, including the famous Broken Spoke and The Continental Club.
3. **Unique mobile workshops.** These are like mini field trips for conference attendees to various sites in and around the city

highlighting collaborative solutions in local government. Developed and presented by the City of Austin, this year's mobile workshops focus heavily on sustainability in all its forms – economic, environmental, and social.

4. **The great outdoors.** What better place to enjoy the great weather than in one of Austin's beautiful parks? When you're not building your knowledge in the convention center, escape outdoors to the peaceful Lady Bird Lake Hike and Bike Trail lining the water through the heart of the city.
5. **Innovation.** Recognized as a tech hub and a haven for local businesses, it's no wonder Austin is one of the fastest growing cities in the U.S. Come see for yourself what makes this city so successful, and tuck away some ideas to bring home.
6. **Exciting spouse and guest tours.** Bringing along a guest to the conference? They will love the tour options offered by Austin to explore the special attractions of this area, including a winery tour and the LBJ Ranch. And you can look at the tour page too for inspiration for your free time.
7. **Good eats.** Austin is a culinary dream with everything from down-home Texas barbecue to gourmet French restaurants, plus a burgeoning food truck scene and farmers market movement.
