Re: Public Notification
Exxon Service Station # 3-0608
114 Route 206
Flanders (Mount Olive Township), Morris County, New Jersey
NJDEP Case# 99-07-15-1206-09, 09-06-25-1725-48, 12-01-23-1646-58
NJDEP PI# 027330

SEP. 24 2013

Dear Sir/Madam:

Groundwater & Environmental Services, Inc. (GES), on behalf of ExxonMobil Environmental Services Company (ExxonMobil), is investigating environmental conditions at the former Exxon service station located at 114 Route 206 in Flanders (Mt. Olive Twp.), New Jersey, Block 4500, Lot: 33. As part of this investigation, we have tested the groundwater and soil around this former service station for the presence of certain compounds found in petroleum fuels for which the State of New Jersey (the State) has established groundwater and soil quality standards.

As required by the State, ExxonMobil is providing you notice of the environmental investigation at this property. Our future work will include continued groundwater sampling. The work will be done under the oversight of a licensed site remediation professional (LSRP) and guidelines established by the New Jersey Department of Environmental Protection (NJDEP), which has assigned it case numbers 99-07-15-1203-09, 09-06-25-1725-48, and 12-01-23-1646-58. The LSRP of record for the site is William Dougherty (License #573981) with GES. Copies of all environmental reports will be made available to the municipality upon the municipality's request.

For more information, please contact GES, on behalf of ExxonMobil, at 866-639-3459.

Sincerely,

Jessica Aumack
Case Manager
Groundwater & Environmental Services, Inc.
