Subject: JCP&L to Perform Transmission Aerial Patrols

Please be advised that the Haverfield Company will be conducting JCP&L's Transmission Aerial Patrols. The JCP&L patrols are expected to take approximately 7 days for completion, so the aerial patrols should extend through to about 10/4/2013, weather permitting. The helicopter will be flying slowly (20-30 mph) along the lines, and may hover at any time for a closer inspection. The helicopter scheduled for these patrols is a black, Hughes MD500, with registration (tail) number N8371F. Please see the photo attached below for details.

If you require additional details or would like additional information, please contact your local Area Manager at JCP&L.
