The Annual NJDOT Research Showcase is organized by New Jersey Local Technical Assistance Program at Rutgers CAIT and is made possible with support from the New Jersey Department of Transportation (NJDOT) Research

Hosted by the New Jersey Local Technical Assistance Program (NJ LTAP) at Rutgers' Center for Advanced Infrastructure and Transportation (CAIT), the 16th Annual NJDOT Research Showcase invites NJDOT customers to experience research and technology transfer activities being conducted by university research partners and their associates.

This year's conference theme is *Progress in Transportation Research Using Technology* and research will be highlighted in presentations and academic displays. The showcase will feature breakout sessions in infrastructure, mobility, safety, and environment, as well as innovative transportation technologies currently in development. For a complete agenda, breakout session details, a full list of academic partners, and free online registration, visit cait.rutgers.edu/cait/events.
