 SMART & RESILIENT CITIES

1

## **The Quiet Power of Changing the Way Cities Buy Stuff**

The concept of connecting "innovation" to city government is not new-your local library has probably had wi-fi for some time now. But there's a kind of innovation happening in cities around the world right now that doesn't necessarily involve a single microchip. [Read More at...](#)

## **What I Learned In One Year as Chief Data Officer of San Diego**

Fairly recently, I celebrated my 1 year anniversary of being with the city of San Diego as the Chief Data Officer. Naturally, I've been reflecting on my first year in government, and one of the things that strikes me the most is the amount of things that I learned. [Read...](#)

## **Does Excess Parking Actually Cause More People to Drive?**

Long after it was painfully clear that cigarettes caused cancer, big tobacco companies maintained that no such link existed, on the grounds that it's incredibly hard for scientists to prove causation.

The "no causality" stance appeared in 89 percent of lawsuits before 1997, according to...
