Subject: Power Systems Institute

Please find attached an invitation to the upcoming infomations session for JCP&L's Power System Institute which provides training for our next generation of line workers. Please feel free to share with those who may be interested.

Thanks,

Mike Obremski
Area Manager
JCP&L

(See attached file: Raritan Valley PSI Information Session Reminder.docx)

Jersey Central Power & Light (JCP&L) and Raritan Valley Community College (RVCC) invite you to learn more about the company's Power Systems Institute Program at an Information Session to be held Tuesday, February 3, from 6-8 p.m. The event will be held in the Conference Center at the RVCC's Branchburg Campus located at 118 Lamington Road.

The Power Systems Institute is a two-year program to train the next generation of utility line and substation workers that combines hands-on utility skills at JCP&L training facilities with technical course work at the college. Participating graduates will earn an Associate of Applied Science degree with a focus on electric utility technology.

More information is available at www.firstenergycorp.com/psior by calling 800-829-6801. Preregistration is not required.
