Re: Hackettstown Reservoir Dam (NJDEP File No. 24-67)
Mount Olive Township, Morris County

Dear Dam Owner/Operator:

This is in reference to the revised 2016 Inspection Report prepared on your behalf by Mary L. Paist-Goldman, P.E., of Princeton Hydro, and submitted under an August 30, 2016 cover letter.

Based upon a review of the above-referenced report, Hackettstown Reservoir Dam was found by your engineer to be in **POOR** condition with maintenance, repairs and studies necessary. Per the New Jersey Dam Safety Standards (N.J.A.C. 7:20-1.11), the next regular inspection of the dam is to be performed by **April 8, 2018**.

The included Dam Safety Compliance Schedule was determined to be acceptable by the Bureau of Dam Safety (Bureau). Per the schedule, general maintenance is to be completed by **December 31, 2016**, and an Operation and Maintenance Manual, Emergency Action Plan, Hydrologic and Hydraulic/Dam Breach Analysis and a Stability Analysis are all to be submitted by **December 31, 2016** as well.

Should you have any questions regarding this matter, please contact Marcus L. Roorda of this office at (609) 984-0859.

Sincerely,

John H. Moyle, P.E., Director
Office of Dam Safety and Flood Control

C: Mary L. Paist-Goldman, P.E., Princeton Hydro
Mount Olive Township Engineer & Clerk
Morris County Engineer
