Great Swamp Watershed Association

The Passaic River WATERKEEPER® ALLIANCE Affiliate

Municipal Alliance Meeting, 12/9

## **Battling the Emerald Ash Borer**

Friday, December 9, 2016 8-9:30AM  
Geraldine R. Dodge Foundation, 14 Maple Avenue, Morristown

**Don't forget to RSVP to Sally Rubin, [srubin@greatswamp.org](mailto:srubin@greatswamp.org), for this essential meeting.**

The Emerald Ash Borer (EAB) is a non-native invasive insect from Southeast Asia that feeds on and destroys ash trees. Since its arrival on the continent in 2002, the beetle has killed **hundreds of millions** of ash trees. It has been rapidly spreading from its origination in Michigan, with confirmed sightings in New Jersey beginning in 2014. **It is not a matter of**

**IF the EAB will destroy the ash trees in your town, it is a matter of WHEN the EAB will destroy the ash trees, and how you can best mitigate the damage.**

Join Great Swamp Watershed Association's Municipal Alliance for an informative session on the EAB. **EAB expert Rob Gillies will discuss how you should plan for the infestation, how you can proactively combat it, treatment options, and how to budget for it.**

**RSVP by emailing Sally Rubin, [srubin@greatswamp.org](mailto:srubin@greatswamp.org).**

*The Great Swamp Passaic Municipal Alliance fosters an ongoing collaborative discussion of issues that transcend our individual municipal borders. Our goal is to approach shared concerns and address them in a regional and cost-effective manner by working together. This is an informal networking platform for the exchange of ideas, the sharing of concerns, and development of solutions, among people involved in municipal government.*

Please share this invitation with other municipal elected or appointed officials, or other relevant parties.
