How will broadband improve your city's economy?

We are excited to announce a new General Session speaker at The Congressional City Conference, this March 7-11 in Washington, D.C.: Commissioner Mignon Clyburn from the Federal Communications Commission.

As a city leader in 2015, it is crucial that you ensure your residents have access to the most up-to-date communications services. Commissioner Clyburn will talk about how these are essential for economic development in your community.

Commissioner Clyburn joins *Meet the Press* host Chuck Todd in our line-up of speakers at The Congressional City Conference.

Over 1,200 local leaders have already chosen to show up for their cities this March. Will you?
