We Need Your Help!

It's almost that time of year again, when we need to clean up our beautiful streams and rivers so they don't look like this. We were so successful last year in removing over 11 tons of trash from 35 sites with nearly 1,000 amazing volunteers and we want to do it again!

Dear Town Clerks and Environmental Commissions,

Each spring RHA organizes cleanup programs to protect water quality and promote public stewardship of local streams and rivers. This year's stream cleanup will be held on **Saturday, April 18, 2015 from 9 am until 12 pm** at multiple locations around the watershed in Hunterdon, Somerset, and Morris Counties.

You are receiving this email because your town has at least one Stream Cleanup Site in it this year and we need help getting the word out to your residents. This is a great Earth Day event and something in which all ages can participate to protect the environment against man-made threats. Here's how you can help:

- Please include this [event](#) in your town's online calendar and monthly email blast to residents
- Please include this [press release](#) in your community newsletter
- Please post this [flyer](#) around town

Click [here](#) to learn more and register. Additionally, a list of our stream cleanup sites and descriptions can be found [here](#).

Thank you for your time, consideration and support.

Sincerely,
Angela

Angela Gorczyca
Water Quality Program Manager
