NOTICE OF FILING OF
PROPOSED RATE INCREASE
AND PUBLIC HEARING

ALL PARTIES ARE INVITED
TO ATTEND AND PRESENT
THEIR VIEWS
AND ASK QUESTIONS

**IN THE MATTER OF THE PETITION OF MOUNT OLIVE VILLAGES SEWER
COMPANY, INC.**

APPROVAL OF AN INCREASE IN RATE FOR SERVICE

DOCKET NO. WR16050391

Notice is hereby given that on May 16, 2016, Mount Olive Villages Sewer Company, Inc. (Company) filed a Petition with the New Jersey Board of Public Utilities (Board) in Docket No. WR16050391, together with revised tariff sheets containing increased rates for sewer service rendered on and after thirty (30) days from the filing date of the Company's Petition, or at such later date as the Board may determine. The proposed new rates would yield additional operating revenues of approximately \$817,110.00 or 295.5% over current base rates and are required so that Company may make necessary capital improvements and repairs to its sewer system and as further described in the Petition.

The percentage increase is proposed to be allocated as follows:

- a) 1 Family: 222% increase
- b) 1 Bedroom Apt. & 1 Bedroom Townhouse: 222% increase
- c) 2 Bedroom Apt. & 2 Bedroom Townhouse: 222% increase

The following comparison of present and proposed rates will permit customers to determine the effect upon them of the proposed increased rates. Any assistance required by customers in this regard will be furnished by the Company upon request. The present and proposed rate schedules are as follows:

The Quarterly increases are as follows:

	<u>Present</u>	<u>Proposed</u>
1 Family	\$53.86	\$ 173.62
1 Bedroom Apt. & 1 Bedroom Townhouse	\$43.09	\$ 138.90
2 Bedroom Apt. & 2 Bedroom Townhouse	\$51.76	\$ 166.35
Town Hall		\$ 420.95
Library		\$ 210.42
Day Care Center		\$ 397.66
2 Schools Total		\$ 3,295.11
Senior Citizen Building		\$ 173.43
Road Department		\$ 1,356.35
Fleet Maintenance		\$ 198.78
Cassidy Swim Club		\$ 163.71

Copies of the Petition are available for inspection at the Company's Offices.

Any relief determined by the Board to be just and reasonable may be allocated by the Board to any class or classes of customers of the Company in such manner and, in such amount or percentages, as the Board may deem appropriate. The Board may choose to impose a greater portion of the increase on any present or future class or classes, group or groups of customers,

may exclude from any increase any of the foregoing, or may vary the amount of percentage increase applicable to any of the foregoing.

NOTICE is further given that a public hearing on the Petition has been scheduled at the following time and place:

Monday, September 26, 2016 at 5:30 p.m.
Mount Olive Township Municipal Building (Council Chambers)
204 Flanders-Drakestown Road
Budd Lake, NJ 07928

A Judge from the Office of Administrative Law will preside over the hearing. Members of the public are invited to attend and express their views on the proposed rate increase. Such comments will be made part of the final record in the proceeding.

Public hearings will continue, if necessary, on such additional dates, and at such locations as the Board or the Office of Administrative Law, may designate.

Mount Olive Villages Sewer Company, Inc.

STATE OF NEW JERSEY
BOARD OF PUBLIC UTILITIES

IN THE MATTER OF THE PETITION : PETITION
OF MOUNT OLIVE VILLAGES SEWER COMPANY, INC. :
FOR APPROVAL OF AN INCREASE IN : DOCKET NO.:
RATES FOR SERVICE :

TO THE HONORABLE BOARD OF PUBLIC UTILITIES:
Secretary, Board of Public Utilities
44 South Clinton Avenue, 9th Floor
PO Box 350
Trenton, New Jersey 08625-0350

Mount Olive Villages Sewer Company, Inc. (Petitioner), a corporation and public utility of the State of New Jersey, with its principal office located at 200 Central Avenue, Borough of Mountainside, County of Union, and State of New Jersey, pursuant to N.J.S.A. 48:2-18 and N.J.S.A. 48:2-21, hereby petitions the Honorable Board of Public Utilities for approval to revise and increase its rates for sewer service to become effective thirty (30) days after the filing of this Petition at the office of the Secretary of the Board of Public Utilities, to seek additional revenues to reflect: (i) Petitioner's need to make necessary improvements and repairs to its thirty (30) year old sewer system; and (ii) to reflect increased costs to the Petitioner since it has never filed for a rate increase since its inception in 1986.

COUNT ONE

Pursuant to N.J.A.C. 14:1-5.1, Petitioner respectfully states:

1. Petitioner provides sewer service to an area of the Township of Mount Olive.
2. As a public utility of the State of New Jersey, Petitioner is charged with the duty to render safe, adequate and proper service in its franchised service territory.
3. Petitioner's present rates and charges for sewer service are unjust and unreasonable in

that they do not provide sufficient operating revenues to meet operating expenses, taxes and fixed charges and do not provide a reasonable rate of return on the fair value of its property devoted to the public use.

4. Notice of the filing of this petition and the date of the hearing will be made by the Petitioner pursuant to the Board's Rules of Practice.
5. The reasons for the proposed increase of rates are as follows:
 - (a) To enable the Petitioner to (i) make necessary improvements and repairs to its sewer system such as a retaining wall, construction of two (2) lagoons, concrete holding tank and reflect increased costs to the Petitioner since it has never filed for a rate increase since its inception in 1986.
 - (b) To enable the Petitioner to continue to furnish safe, adequate and proper service to its customers.
 - (c) To enable the Petitioner to maintain a satisfactory credit position, preserve its financial integrity and cash flow, permit proper maintenance and improvement of the utility plant required to furnish safe, adequate and proper service, encourage continued good management, provide an incentive for efficiency, prevent confiscation or diminution of its property, earn a reasonable return upon the fair value of its property used and useful in the public service and to enable the Petitioner to earn a fair rate of return on its rate base.
 - (d) The data required by the Board's Rules of Practice is attached as Exhibit "A".
 - (e) A copy of the Public Notice is attached as Exhibit "B".
 - (f) A copy of the Petitioner's Revised Tariff for Sewer Service is attached as Exhibit "C".

Notices and communications in this proceeding are to be sent to:

Judith A. Fairweather, Esq.
PinilisHalpern, LLP
160 Morris Street
Morristown, NJ 07960
Telephone: 973-401-1111
Fax: 973-401-1114

Mountainside, NJ 07092
Telephone: 908-654-4360
Fax: 908-654-7497
e-mail: ZLN1@AOL.COM

WHEREFORE, Mount Olive Villages Sewer Company, Inc. requests that the Board of Public Utilities find, determine and order that:

- A. The rates presently in effect are unjust and unreasonable;
- B. The proposed rates are just and reasonable; and
- C. Such other and further relief as may be just, reasonable and proper.

Dated: 4-29, 2016

Respectfully submitted,

IN THE MATTER OF THE PETITION OF MOUNT OLIVE VILLAGES SEWER
COMPANY, INC.

APPROVAL OF AN INCREASE IN RATE FOR SERVICE

DOCKET NO. _____

TO OUR CUSTOMERS:

Notice is hereby given that on May _____, 2016, Mount Olive Villages Sewer Company, Inc. (Company) filed a Petition with the New Jersey Board of Public Utilities (Board) in Docket No. _____, together with revised tariff sheets containing increased rates for sewer service rendered on and after thirty (30) days from the filing date of the Company's Petition, or at such later date as the Board may determine. The proposed new rates would yield additional operating revenues of approximately \$817,110.00 or 295.5% over current base rates and are required so that Company may make necessary capital improvements and repairs to its sewer system and as further described in the Petition.

The percentage increase is proposed to be allocated as follows:

- a) 1 Family: 222% increase
- b) 1 Bedroom Apt. & 1 Bedroom Townhouse: 222% increase
- c) 2 Bedroom Apt. & 2 Bedroom Townhouse: 222% increase

The following comparison of present and proposed rates will permit customers to determine the effect upon them of the proposed increased rates. Any assistance required by customers in this regard will be furnished by the Company upon request. The present and proposed rate schedules are as follows:

The Quarterly increases are as follows:

	<u>Present</u>	<u>Proposed</u>
1 Family	\$53.86	\$ 173.62
1 Bedroom Apt. & 1 Bedroom Townhouse	\$43.09	\$ 138.90
2 Bedroom Apt. & 2 Bedroom Townhouse	\$51.76	\$ 166.35
Town Hall		\$ 420.95
Library		\$ 210.42
Day Care Center		\$ 397.66
2 Schools Total		\$ 3,295.11
Senior Citizen Building		\$ 173.43
Road Department		\$ 1,356.35
Fleet Maintenance		\$ 198.78
Cassidy Swim Club		\$ 163.71

Copies of the Petition are available for inspection at the Company's Offices.

NOTICE is further given that a public hearing on the Petition has been scheduled at the following time and place: _____.

Public hearings will continue, if necessary, on such additional dates, and at such locations as the Board or the Office of Administrative Law, may designate.

AN INTRODUCTION TO CUSTOMERS

The approved tariff located in the Company's office is available for your review. The Company is responsible to maintain its tariff with any changes approved by the Board of Public Utilities and must, by State law and regulations, maintain it in exactly the same format as the Company's tariff on file at the Board of Public Utilities, Two Gateway Center, Newark, New Jersey. The Division of Water and Wastewater is on the 9th floor.

If, after you review this tariff and discuss it with appropriate Company employees, you still have questions regarding clarification or interpretations, please contact the Board of Public Utilities, Division of Water and Wastewater, Bureau of Rates and Tariff Design, at (973) 648-2275 or the Board's Division of Customer Relations at 1-800-624-0241.

You have the right to review this tariff at the Company's offices or at the Board's office in Newark. Your inquiries will be handled by the Board's staff in an expeditious manner in order to protect your rights as well as those of the water and/or sewer Company. Please feel free to exercise this right by telephone or by visiting the Board's offices at any time between the hours of 9:00 a.m. to 5:00 p.m., Monday through Friday, or by writing a letter. The letter should contain the writer's name, address, and telephone number, including the area code. If the writer is a customer of record, the account number should be included.

The Company also has available in its office a leaflet entitled "An Overview of Common Customer Complaints and Customer Rights". This is a summary of the most frequent customer complaints and rights. It does not include all customer rights or utility obligations.

The Board of Public Utilities is responsible for the final interpretation and enforcement of a utility's tariff provisions and rates. The utility is bound by New Jersey Statutes and the Board's regulations. If a conflict should exist in the tariff that is detrimental to the customer, the Board's regulations supersede the tariff provision absent specific approval to the contrary by the NJ Board of Public Utilities. A utility company may provide for more liberal treatment than that provided for in the Board's regulations.

BPU NO. SEWER

AN OVERVIEW OF COMMON CUSTOMER COMPLAINTS AND CUSTOMER RIGHTS

- (1) No public utility shall refuse to furnish or supply service to a qualified application. (Board Order CX86602155).
- (2) The utility shall not place the name of a second individual on the account of a residential customer unless specifically requested by the second individual (N.J.A.C. 14:3-3.2).

DEPOSITS

- (3) If after notice of the methods of establishing credit and being afforded an opportunity, a customer has not established satisfactory credit, the utility may require a deposit. The deposit amount shall be determined by taking the cost of service of one year, dividing by twelve and multiplying that figure by 2. EX: 12 months total bills = \$763.54 divided by 12 = \$63.63 multiplied by 2 = \$127.26 deposit, or \$127.00.
- (4) The utility must furnish a receipt to any customer posting a deposit. The deposit will be returned with simple interest at a rate established annually by the Board of Public Utilities. Once the customer has established satisfactory credit with the utility the deposit shall be returned to the customer with interest due. The customer has the option of receiving the deposit refund either by a check or a credit on the account. If a residential customer's deposit is not returned, the utility shall credit the customer's account with the accrued interest once every twelve months. (N.J.A.C. 14:3-7.5 relocated 14:3-3.4 and 3.5)
- (5) Where a water or sewer utility furnishes unmetered service, for which payment is received in advance, it may not require a deposit. (N.J.A.C. 14:3-7.6 relocated 14:3-3.4(j)).

DEFERRED PAYMENT AGREEMENTS

- (6) A residential metered customer is entitled to at least one deferred payment plan in one year. In the case of a residential customer who receives more than one utility service from the same utility (ex: water and sewer, gas and electric) and the amount which is in arrears is a combination of those services, the utility shall offer a separate deferred payment agreement for each service based on the outstanding balance for that service. (N.J.A.C. 14:3-7.13(d) recodified 14:3-7.7). The Company MUST renegotiate the deferred payment agreement should the customer's financial situation change significantly. The Company must also issue a new discontinuance notice each

BPU NO. SEWER

time it intends to shut off service, including defaults on the terms of the agreement. In the case of a residential customer who receives more than one utility service from the same utility and has subsequently entered into an agreement for each separate service, default on one such payment agreement shall constitute grounds for discontinuance of only that service. (N.J.A.C. 14:3-7.13(d) recodified 14:3-7.7).

(7) A water and sewer utility shall not discontinue service because of nonpayment of bills in cases where a charge is in dispute provided the disputed charges are paid and a request is made to the Board within five (5) days for investigation of the disputed charge. The Company must advise the customer of their right to appeal to the Board of Public Utilities. (N.J.A.C. 14:3-7. 13(a) recodified 14:3-7.7).

(8) A customer has at least fifteen (15) days to pay a bill. A water and/or sewer utility may not discontinue water and sewer service unless written notice giving the customer at least ten (10) days' notice prior to the proposed discontinuance. The notice shall not be given until after the expiration of the said fifteen (15) days' time to pay a bill. (N.J.A.C. 14:3-7.12(a) relocated 14:3-3A.5). The notice shall contain sufficient information for the customer to notify the Board of Public Utilities of the nature of the dispute. The utility shall make a good faith effort to determine which of its residential customers are over 65 years of age, and shall make good faith efforts to notify such customers of discontinuance of service by telephone in addition to notice by regular mail. This effort may consist of an appropriate inquiry set forth on the notice informing customers that they may designate a third party to receive notice of discontinuance. Utilities shall annually notify all residential customers that, upon request, notice of discontinuance of service will be sent to a designated third party as well as to the customer of record. (N.J.A.C. 14:3-7.12 relocated 14:3-3A.5).

(9) Public utilities shall not discontinue residential service except between the hours of 8:00 a.m. and 4:00 p.m., Monday through Thursday, unless there is a safely related emergency. There shall be no involuntary termination of service on Fridays, Saturdays, and Sundays, or on the day before a holiday or on a holiday absent such emergency.

(10) The occupant of a multiple family dwelling has the right to be notified of a pending service discontinuance at least fifteen (15) days prior to the service being discontinued.

(11) A customer has the right to have any complaint against the utility handled promptly by that utility. Board Order, (Docket Number C08602155).

BPU NO. SEWER

(12) Each utility shall, upon request, furnish its customers with such information as is reasonable in order that the customers may obtain safe, adequate, and proper service (N.J.A.C. 14:3-3.3(a)). Each utility shall inform its customers, where peculiar or unusual circumstances prevail, as to the conditions under which sufficient and satisfactory service may be secured from its system. (N.J.A.C. 14:3-3.3(b)). Each utility shall supply its customers with information on the furnishing and performance of service in a manner that tends to conserve energy resources and preserve the quality of the environment (N.J.A.C. 14:3-3.3(d)).

METERS

(13) The utility must provide for one free meter test within a year if the customer so requests it. The customer can request that the Company or the Board may test the meter. A meter of a customer who has a complaint filed with the Board reflecting on the accuracy of the meter shall not be removed from service by the utility during the pendency of said complaint or during the following thirty (30) days unless otherwise authorized or directed by the Board. (N.J.A.C. 14:3-4. 10(b) recodified 14.3-4.8) When a billing dispute is known to exist, the electric, gas, or water utility shall, prior to removing the meter, advise the customer that they may have the meter tested by the utility or may have the Board either conduct a test of the meter or witness a testing of the meter by the utility, and that in any event the customer may have the test witnessed by a third party. (N.J.A.C. 14:3-4.5(c)). A meter test arising from a billing dispute may be appropriate in instances which include, but not limited to, unexplained increased consumption, crossed meters, consumption while an account is vacant, or any other instance where the meter's accuracy might be an issue in a bill dispute. (N.J.A.C. 14:3-4.5(d)).

(14) Whenever a water meter is found to be registering fast by more than one and one-half percent, an adjustment of charges shall be made in accordance with the following: (1) If the date when the meter had first become inaccurate can be ascertained, then the adjustment shall be such percentage as the meter is found to be in error at the time of test adjusted to 100 percent on the amount of the bills covering the entire period that the meter has registered inaccurately. (2) In all other cases, the adjustment shall be such percentage as the meter is found to be in error at the time of the test on one-half of the total amount of the billing affected by the fast meter adjusted to 100 percent since the previous test. No adjustment shall be made for a period greater than the time during which the customer had received service through that meter. No adjustment shall be made for a meter that is found to be registering less than 100 percent except in the case of meter tampering, non-registering meters, or in circumstances in which the customer should reasonably have known that his bill did not reflect his usage. (N.J.A.C. 14:3-4.7 recodified 14.3-4.6).

(15) A utility must maintain records of customers' accounts for such billing period occurring within a six (6) year period. Such records shall contain all information necessary to permit computation of the bill. (N.J.A.C. 14:3-7.8 relocated 14:3-6.1(b)).

(16) Bills rendered must contain the following information (a) The meter readings at the beginning and end of the billing period; (b) the dates on which the meter is read; (c) the number and kind of units measured; (d) identification of applicable rate schedule or a statement that the applicable rate schedule will be furnished on request; (e) the amount of the bill; (f) a distinct marking to indicate an estimated, average or a remote meter index; (g) an explanation or statement of any conversion from meter reading to billing units or any other calculations or factors used in determining the bill; and (h) the gross receipts and franchise tax statement. (N.J.A.C. 14:3-7.9 recodified 14:3-7.2).

STANDARD TERMS AND CONDITIONS

Mount Olive Villages Sewer Company Inc. hereby adopts the regulations for Sewer Utilities promulgated by the Board of Regulatory Commissioners of the State of New Jersey, which regulations are incorporated herein by reference thereto.

The Company shall own and maintain all house lateral connections from its mains to the curb line of the property. A curb box enclosing a "cleanout tee" shall be installed by the Company on the sidewalk near the curb for each house lateral connection. The customer shall maintain the house lateral connection from the curb box into and on the premises of the customer.

Property owners wishing to connect their premises with the sewer line of the Company shall make application at the office of the Company and must agree to the terms, conditions and rates as set forth in this and subsequent tariffs of the Company.

Grease interceptors shall be provided by the customer, at customer's expense when, in the opinion of the Company, they are necessary for the proper handling of liquid wastes containing grease or other ingredients harmful to the sewer system or sewage treatment plant or processes.

The size and type of each interceptor shall be determined according to maximum volume and rate of discharge, and each interceptor shall be approved by the Company. No wastes other than those requiring separation shall be discharged into any interceptor.

A grease interceptor or interceptors for major installations shall be mechanical devices which are not solely dependent upon employees, for maintenance and operation.

All interceptors shall be installed upon the lines of the customers in such a manner and location that they are accessible for inspection by the employees of the Company.

No fixture or fixtures shall be installed in the premises of a customer in a basement or at any other point, unless the trap of the fixture is at least 6 inches above the level of the manhole cover of the Company's main which is nearest to the connection to said customer's premises. This provision does not apply where adequate Pumping facilities are installed on premises. The Company may require the removal of any fixture which violates this provision and failure to remove such fixture within the time specified shall be cause for the Company to discontinue service and refuse further services until the offending fixture or fixtures are removed.

STANDARD TERMS AND CONDITIONS
(Continued)

The Company shall not be liable, whatever the cause, for any damage, resulting from a backing up of sewerage through open traps in fixtures located in basements or otherwise or from open joints in sewer lines located in basements or elsewhere, where such traps or lines are less than 6 inches above the level of the manhole cover of the Company's main which is nearest to the connection to the premises of the customer.

In accordance with the National Standard Plumbing Code adopted by the Uniform Construction Code of the State of New Jersey, no storm drainage system of a building shall be connected directly or indirectly to the sanitary drainage system. The Company adopts the above provision and prohibits the drainage of storm water into its collecting system.

All persons, whose premises are connected with the Company's sewerage system or otherwise discharging sewage wastes, water or other liquids either directly or indirectly into the sewerage system, shall be charged for such service according to the approved rates filed with the Board of Public Utilities of the State of New Jersey.

Sewerage service may be discontinued by the Company for any of the following reasons:

1. For non-payment of a valid bill due for service based on the rates approved by the Board and contained in the utility's tariff. Customers unable to pay the full annual bill shall be afforded the opportunity to enter into a reasonable deferred payment agreement. If service is discontinued, a reconnection fee of \$25.00 shall apply.
2. For the refusal to admit the property representative of the Company, who requires admission to the premises.
3. For the violation of one or more of the standard terms and conditions of services contained in this or subsequent tariffs of the Company. Service may be discontinued by the Company for violation of standard terms and conditions upon 30 days' notice of the existence of such violation.

STANDARD TERMS AND CONDITIONS
(Continued)

All notices herein of discontinuance shall be delivered to the owner personally or by registered mail, addressed to the last address of the owner listed in the records of the Company. On all notices of discontinuance to residential customers, there shall be included:

1. A statement that the utility is subject to the jurisdiction of the New Jersey Board of Public utilities and the address and phone number of the Board. The telephone numbers of the Board to be indicated on such statement are (609) 341-9188 and (800) 624-0241 (toll free).
2. A statement that in the event the customer is either unable to make payment of a bill or wishes to contest a bill the customer should contact the utility. The notice shall contain information sufficient for the customer to make appropriate inquiry.
3. A statement that if the customer is presently unable to pay an outstanding bill, the customer may contact the utility to discuss the possibility of entering into a reasonable deferred payment agreement. In the case of a residential customer receiving more than one different service from the same utility, the statement shall state that deferred payment agreements are available separately for each utility service.

The utility shall make every reasonable attempt to determine when a landlord-tenant relationship exists at a residential premises being services. If such a relationship is known to exist, discontinuance of residential service is prohibited unless the utility has posted notice of discontinuance in the common areas of multiple family premises and has given the individual notice to occupants of single and two family dwellings and has offered the tenants continued service to be billed to the tenants, unless the utility demonstrates that such billing is not feasible. The continuation of service to a tenant shall not be continued upon payment by the tenant of any outstanding bills due upon the account of any other person. The utility shall not be held to the requirements of this provision if the existence of a landlord-tenant relationship could not be reasonably ascertained.

The Company reserves the right subject to approval of the Board of Public Utilities of the State of New Jersey, to change, take from, or add to the foregoing rules, regulations, terms and conditions.

THIS TARIFF FILED PURSUANT TO A DECISION OF THE BOARD OF PUBLIC UTILITIES IN
DOCKET NO. _____ DATED _____

GENERAL PROVISIONS

Definition of Terms

The Company shall mean Mount Olive Sewer Company, Inc.

The Company's lines shall mean its laterals, mains, manholes, and appurtenances.

Buildings shall include structures of all types which are directly or indirectly connected to the Company's lines.

Nature and Extent of Service

Sanitary sewerage service for all dwellings will be furnished to all customers at rates set forth in this schedule.

Sanitary sewerage service for business, commercial and industrial buildings will be furnished at rates set forth in this schedule, but only to the extent that the demand therefore will not interfere with the maintenance of adequate sanitary sewerage service to other customers of the Company.

Annual Charges for Sewerage Service

The annual charge for any residence, firm, or corporation situated within the service territory of the Company, having any connection with the Company's sewerage system, shall be in the sum of:

(a) a fixed charge for each water meter; and

(b) volumetric collection and treatment charges based on the quantity of water used as measured by the water meter or meters then in use, owned by the customer or the entity rendering water service to the customer. For customers without water meters, the fixed and volumetric charges shall be based upon Company's estimate of annual water consumption until such time as a water meter is installed.

Billing

All customers connected with the Company's sewerage system shall be billed in accordance with the Schedule of Sewer Rates contained in this tariff and approved by the Board of Public Utilities.

Annual bills for sewerage service shall be rendered on a cycle billing basis (identified as the billing year) for all customers beginning in January and each month thereafter through August of each year based on the quantity of water estimated to be used during the year. A billing adjustment for any difference between actual and estimated usage will be made the following year in the corresponding billing cycle.

Payment for Sewerage Service

All charges for sewerage service shown in the billing are payable in advance for the twelve (12) month period commencing on the first day of the appropriate billing year. The customer may pay one-half (1/2) of the total charges within 30 days of the day the bill is sent and the remaining one-half (1/2) within six (6) months of the date the bill is sent. Accounts will be considered delinquent when payment of at least one-half (1/2) of the total charges is not received within thirty (30) days of the date the bill is sent. The second, payment is considered delinquent if not received six months after the bill is sent.

Requests for Discontinuance of Service

Customers wishing to discontinue service must be given notice to that effect. Where such notice is not received by the utility, the customer shall remain liable for service until the final reading of the water meter.

Customers who properly notify the Company during the billing year, in accordance with the above requirements, will be given a prorated credit or rebate. With respect to the charges the credit or rebate will be calculated on the basis of the actual water used according to the water meter reading on the day service is discontinued.

Customer Deposits

1. The Company reserves the right to require a deposit. The amount of said deposit shall be reasonably related to the probable charge for service during a billing period, this period to include the average time required for collection after bills are rendered.

2. (a) Upon closing account the balance of any deposit remaining after the closing bill for service has been settled shall be returned promptly to the depositor with interest due.

(b) The Company shall review a residential customer's account at least once every year and a non-residential customer's account at least once every two years and if such review indicates that the customer has established credit satisfactory to the utility, then the outstanding deposit shall be refunded to the customer. Each utility shall afford its customers the option of having the deposit refund applied to the customer's account in the form of a credit or of having the deposit refunded by separate check in a period not to exceed one billing cycle. Good credit is established when the bill is paid within 15 days of the mailing date.

(c) Simple interest at a rate equal to the average yields on new six month treasury bills for the 12-month period ending each September 30 shall be paid by the utility on all deposits held by it, provided the deposit has remained with the utility for at least three months. Said rate, which shall be rounded up or down to the nearest half percent, shall become effective on January 1 of the following year. The Board shall perform the annual calculation to determine the applicable interest rate and shall notify the affected public utilities of said rate.

(i) The interest based upon the average yields on new six month treasury bills shall be applied to all deposits received by the public utility on and after January 1, 1989.

(ii) Interest payments shall be made at least once during each 12 month period in which a deposit is held and shall take the form of credits on bills toward utility service rendered or to be rendered. The effect of this subsection shall be limited to those deposits, if any, held by the Company to secure residential accounts.

LIMITATIONS ON WASTEWATER DISCHARGES

No person shall discharge directly or indirectly into the system, any wastewater the characteristics of which do not conform to the concentration limits prescribed herein, or to discharge into the system any toxic substances or any other objectionable material or substances as specified in this schedule.

No person shall discharge or permit the discharge or infiltration into the system any of the following:

1. Any liquid having a temperature higher than 150 degrees (65 degrees C).
2. Any liquid containing fat, wax, grease or oils, whether emulsified or not, in excess of 100 mg/1 or containing substances which may solidify or become viscous at temperatures between 32 degrees F and 150 degrees F (0 degrees and 65 degrees C).
3. Any water or wastes that contain hydrogen sulfide in sufficient quantity to cause damage or excessive odor within the wastewater treatment system.
4. Any residue from petroleum storage, refining or processing fuel or lubrication oil, gasoline, naphtha, benzene, or other explosive or inflammable liquids, solids, or gases in such concentrations which would cause or potentially cause an explosive, flammable, or other hazardous condition.
5. Any solid or viscous substance in quantities or of such size, capable of causing obstruction to the flow in sewers such as, but not limited to, mud, straw, metal, rags, glass, tar, plastics, wood and shavings.
6. No wastes may be discharged by customers to the sewer system which will interfere with the proper operation of the treatment plant and collecting system. Waste discharged from a garbage disposal unit shall be prohibited.
7. The customer shall not direct rain water or ground water into any portion of the Company's system.
